Three days of live demonstrations, 600 exhibitors, and thousands of products for the quarrying, construction, and recycling industries.

Held in a limestone quarry, Hillhead has maintained its reputation as the UK's largest construction plant exhibition, welcoming 20,000 visitors who come to experience the show's unique atmosphere, meet suppliers, and see the latest equipment, products, and services.

Our manufacturer's will have new products and developments on their stands, so don't miss out on being amongst the first to see them!

Members of our team will be attending Hillhead on each of the 3 days. Our staff will be located on one of the three manufacturer's stands listed above.

If you wish to arrange a meeting at the show, in advance, or on the day, please call any of the following numbers or send an email.
